Windham Solid Waste Management District collects and composts mixed organic material and sells the resulting composting. The District recently created a tire consolidation program to obtain better tire recycling service and pricing with NRRA. They also have solar panels on their closed landfill.

Attendance at MOM meetings count as continuing professional development credit for the NHDES Solid Waste Operator Certification. If you would like to receive a certificate for this meeting, you must register for the meeting or verbally "sign in" during roll call at the start of the meeting.

The next MOM meeting will be on Wednesday, April 13, 2022, held in-person at the Rollinsford Transfer Station, 37 Jessie Doe Road, Rollinsford, NH 03869.
